Unless Using A Specified Manufacturer, Submit The Following Required Item(s) for Approval Prior to Fabrication:

Finish Sample

Manufacturer to confirm the Product meets Hilton Design and Construction Standards as noted in Section 2515.06

Instructions:

- All quantities to be verified by hotel operator prior to purchasing.
- It is the responsibility of the owner to interpret these specifications for each property.
- All interpretations of the specification MUST be submitted to Hilton Design Review (projecthub.hilton.com) for final approval prior to purchasing or implementation of any material.
- Must be of contract quality and suitable for commercial use.
- All materials and methods of construction must comply with all local fire and life safety codes for use in hotels and other public spaces, and Brand Standards.
- Provide all parts, pieces and instructions for complete installation. Mounting method to be sufficient for weight of piece.
- All pieces must be crated for shipping. All corners should be wrapped with corner guards. Crates should be labeled with instructions for shipment, storage and opening of crate.
- Fixture must be U.L. Listed and so labeled. Manufacturer is responsible for submitting all technical specifications for fire safety, UL standards, and any other specifications that are required to comply with local and state fire codes.
- Manufacturer/Fabricator to confirm weight of fixture.
- Manufacturer/Fabricator to verify installation method and hanging points.
- Show all pieces in scaled shop drawings. Entire fixture shall be inspected during the manufacturing and again after final assembly.
- Manufacturer to clearly mark each carton with item ID and specification number.
- Reference the Design Intent drawings on designinformation.hilton.com for further information.
